

# Steps to Safe Needle Disposal

# 1

Do not try to put the cap back on the needle. Do not snap, break or bend any part of the needle.

# 2

Pick the needle up carefully. Use tongs, needle-nosed pliers or a gloved hand.

# 3

Put the needle in a hard PLASTIC container (peanut butter, pop, water). Seal it tightly and label it 'Needle'. Do not use a glass container as it could break.

# 4

Call Superior Points at 625-8831 or 625-7996 to pick up the needle(s). You can also drop the container off at any yellow needle collection box. Call Superior Points to find one near you.
