

# Clean Hands... Healthy You! – Crack the Code

Here's your cipher:

	1	2	3	4	5
1	A	B	C	D	E
2	F	G	H	I	J
3	K	L	M	N	O
4	P	Q	R	S	T
5	U	V	W	X	Y & Z

For each coded number, the first letter is the row and the second letter is the column. For example, the number 25 is a J and the number 42 is a Q. A comma (,) separates letters and a slash is used to separate words. Using the cipher, crack the code and then use the words to make two sentences.
