

CHILDHOOD IMMUNIZATIONS & SCHOOL

A reminder to submit your child's immunization record to the health unit if they are starting school and you haven't already done that.

NEW As of September 2015, the health unit will no longer be providing school-based immunization clinics for Senior Kindergarten to Grade 6 students. If your child in SK to Grade 6 requires immunizations you will be sent a notice by the health unit and they can be given by a family doctor, nurse-practitioner or at the health unit by appointment.

The Grade 7 to 12 immunization programs will continue to be provided in the school setting. Immunizations are required for school attendance in Ontario.

For more information about publicly funded immunizations, to submit records or to schedule an appointment, please call 625-5971.
