

OUR PEOPLE MAKE THE DIFFERENCE!

Public health units consist of a variety of staff disciplines:

Medical Officer/Associate Medical Officer of Health is a medical doctor with a fellowship with the Royal College of Physicians and Surgeons of Canada in the specialty of community medicine.

Public Health Nurses are registered nurses who have a 4-year university degree in nursing and are members of the Ontario College of Nurses.

Public Health Inspectors must complete a 4-year degree in environmental health followed by a field work placement at a health unit. All inspectors must be certified by the Canadian Institute of Public Health Inspectors.

Public Health Nutritionists and Dietitians are Registered Dietitians with the College of Dietitians of Ontario. They have a 4-year university degree from an accredited nutrition program, plus an internship and/or a master's degree in a nutrition-related field.

Registered Dental Hygienists and Certified Dental Assistants have college diplomas and are members of Ontario colleges and associations.

Registered Nurses and Registered Practical Nurses are valued health professionals who enhance our programs and services.

Program Evaluator, Epidemiologist, Information Specialists, Accountants, Managers, Health Promotion Planners, Librarians, Administrative Assistants and Support Staff are all professionals that ensure public health services are of the highest quality possible.
